About the Author

Born in Port Elizabeth in 1963, the friendly city!
B. Sc. Chemistry and B Sc. Honours Biochemistry degree
from University of KZN (PMB).
M.Sc. Certificate - Industrial Engineering - Quality
Management - University of Stellenbosch.

Worked for the SABS as a Management System Auditor,
Section Head and Manager, covering ISO 9001, 14001
and ISO 17025.

In 1998, Wendy moved away from the purely monitoring
function of a certification body, to the more hands on,
involved role that comes with providing management
consultancy services.

She now provides Management System consultancy
services in respect of quality, environmental, laboratory
and general management systems.

Management System auditor registrations held:

- SAATCA Lead Auditor Quality & Environmental.
- SANAS Registered Lead Assessor.

In addition Wendy has come the full circle in the sense
that she now have SABS ISO 9001 and ISO 14001
certification.

Current and Previous appointments encompassing the
past few years include:

- Board member of SANAS
- Director of SAATCA
- Representative on SAACB.
- SANAS RAAF and Certification STC.
- SABS Approvals Board.

Wendy's interests include road running, with a couple of
mad comrades marathons; swimming the Midmar Mile;
travel and adventure, including climbing Mount
Kilimanjaro, bunji jumping off Victoria Falls bridge, scuba
diving, boogie boarding the Zambezi and a once-off
parachuting stint.

Abstract

With the increasing use and value of websites,
this session is aimed at information sharing.

The intent is to workshop between us all the
useful websites that we each know about, and
their respective usefulness.

If this is value adding, it is aimed to propose that
SATCA maintain the list on the SAATCA website.

Some site to kick us off:

- ISO
- IAF
- WBCSD
- ILAC
- SANAS
- SABS
